

I recently attended the 20th Anniversary of La Viña, even though I was able to attend only for one day on Sunday, I had a great experience, I was able to see familiar faces that have been participating from the fifteen anniversary in Bakersfield but it was good to see a lot of new faces with great enthusiasm looking towards the future, enjoying the progress that this events is giving to all of us. The 21st Anniversary will be celebrated at Area 93 more to be reveal. There are other States from other Regions that would like to be part of our Regional celebration but there is others that are doing their own celebration. I had a long conversation with one of our members at the airport on our way back, that he wish that there was an event like this for the Grapevine and we thought that if we continue supporting our event it will be so cool to celebrate them together. Thanks to you all for your support on carrying the message to the alcoholic who still suffers.

I have just received an Email from David R from Licensing Publication Department with an update on recording the long form 12 concepts in English, Spanish and French this came at the end of Panel 63 from District 17 as a motion, but the Area agreed that it was not necessary to go through the process because the request was for audio recording on existing literature. He said that could possibly make them available online for you to be able to listen to them as we currently have the 12 Steps and 12 Traditions, I will keep you posted on new information.
