California Northern Coastal Area of Alcoholics Anonymous

Chair's Preview

I recently went on a Twelfth Step call, and talking to this potential future member reminded me of just how scary early sobriety was. His life is – right now – a mess. His boyfriend is kicking him out, he just lost his job, and he has a number of medical and psychiatric problems he hasn't dealt with in a while. What struck me most about our conversation, though, was just how scared he was – and how willing he was to do whatever it takes to get sober. The one thing he was most scared of was, "How much does AA cost?" His face flooded with relief when I explained that AA was free. At least now he had one less thing to worry about.

I participate in General Service because I want AA to remain accessible to anyone who needs our message. And, at least right now, there is at least one opportunity to continue to participate. We now have an opening on the Interpretation and Translation committee; anyone who is interested should submit their name to any Area Officer prior to June 22.

Another opportunity to participate is at the upcoming Summer Assembly, held September 14 in Petaluma. We are currently seeking out workshop topics for the assembly; these topics open up discussions about important topics of relevance in 21st century AA like anonymity, accessibility, finances, history, humility, humor, attraction, public relations, social media, and organizational structure. Any suggested topics are due in July.

In the Comments, starting this month, we will be featuring arguments in support and opposed to pending motions at the assembly. This month, several members of the Area have already written arguments regarding the motions to create a technology standing committee and the accessibilities committee. Next month, the arguments in support and opposed to the transgender pamphlet request will be printed.

Finally, at the Area Committee meeting, we remain quite busy. This past month, we heard a presentation regarding interpretation at the officer's meeting, continued discussing funding for liaisons to the Hispanic Women's Workshop, continued discussing a new position for the Archives committee, discussed whether Area Assemblies are open or closed meetings, and heard the final report from the ad hoc on our Area newsletters (that final report is also available from your DCMC). This coming month, there are numerous house-keeping motions on the agenda, as well as bids for the 2020 Election Assembly. It should be pretty exciting.

So back to that newcomer... I went to pick him up for his first meeting yesterday, and he wasn't quite ready. He told me that his boyfriend was kicking him out, and that because he lost his job, he had to scramble to find a new place to stay. He wasn't sure he could give up his best friend – alcohol – just yet. But he wants to. He is hopeful he will find his way into AA, especially now that he knows that it is free. I am so glad we keep the doors open for him.

Grateful for this service,
Eric L.
CNCA Chair Panel 69

Hi, everyone!

Jennifer here. It's a small-t tradition for the Alternate Delegate to write this article while our Delegate is either away at the General Service Conference or busy working on the report about the experience. I have spoken with Teddy and I know you are in for a treat as he tells the tale of what he saw, heard and felt during the week-long experience in New York.

Each Delegate has a different story to tell, in part because the topics on the agenda are different each year and also because each Delegate has their own perspective. And there is something so magical about this first report. I encourage you to bring friends or sponsees to the assembly or invite them to attend the report in your home districts when Teddy comes to tell the story again. And don't be afraid to ask questions if you don't understand something. We will also get digital and printed Final Conference Report books later in the year detailing everything that happened. You can share those books with others, but it's not quite the same as hearing the first-hand experience.

My very first Post-Conference Assembly was ten years ago, in 2009, and while I didn't fully understand all of the report, I remember how it made me feel. It was an incredibly spiritual experience hearing my first Delegate describe what happened with an agenda topic that I felt strongly about. And even though it didn't turn out the way I thought it should, knowing how thoroughly it was debated and that it mattered to him and those strangers in New York filled me with a profound sense of gratitude and ignited a passion for participation in service that continues to this day.

Part of the challenge in General Service is making the connection between what happens at the General Service Conference and how it helps the alcoholic stumbling alone in the darkness, or still suffering inside the rooms. Teddy will do a wonderful job of connecting some of those dots I'm sure. And I encourage each of you as you listen to the story of the work that was done and the love behind it, to find a way to make that connection and share that with your groups.

Thank you for your service,
Jennifer B.

AREA COMMITTEE MEETING MINUTES FOR MAY 2019

CALIFORNIA NORTHERN COASTAL AREA COMMITTEE MEETING MINUTES FOR MAY 2019

The monthly committee meeting of CNCA was held April 27, 2019 at the Petaluma Community Center. Eric L. opened the meeting at 12:30, followed by the Serenity Prayer. The AA Preamble was read by Javier L. (District 20). Manish G. (District 07) read Tradition 05, and Tina McD. (District 70) read Concept 05. There were six past Delegates present: Joann L., (Panel 67) Diane O. (Panel 35) Raymundo L. (Panel 63), Ken M. (Panel 61), Woody R. (Panel 50, CNIA), Bob D. (Panel 36, Maine). There were five GSRs present and 2 new DCMs. The April 2019 minutes and financial report were accepted as printed in the *CNCA Comments: Birthdays: 83 years*
Registered attendance: Voting (51) / Non-voting (46)

Officer Reports

DELEGATE – TEDDY B.-W.: Teddy was at the 2019 General Service Conference.

ALTERNATE DELEGATE – JENNIFER B.: Teddy was elected to be the chair of the Treatment and Accessibilities Committee. About the 5th edition of the Big Book, the entire Conference voted and it did not achieve the 2/3 it needed to pass.

CHAIR – ERIC L.: At the Assembly, we will continue discussing the four items on our agenda. In the afternoon, we will hear presentations on the Conference theme and then hear Teddy's report from the Conference. That will be interpreted in Spanish and in American Sign Language.

TREASURER – LAURA W.: As of today, we have a little over 10,000 in our operating

funds in addition to our prudent reserve which is just over 11,000. Although we have many expenses coming up soon are doing well financially.

REGISTRAR – ERICA G.: To people who haven't received their packets I been working on reconciling our information against GSOs dating back to last year to make sure everything is accurate.

RECORDING SECRETARY – MIGUEL H.: I keep working taking notes and working to do better service each day, we still have on copy left of the motions book. We have updated the area map and our Chair will share that with your DCMCs and also will be post on the cnca06.org website.

ASSEMBLY COORDINATOR – COREE H.: The Post-Conference Assembly is going to be held on June 15 at the Ulatis Community Center. If you're working making a Bid, please get the final bid forms to me as soon as possible so we can start getting ready to lock in assemblies for Panel 71.

LITERATURE/GRAPEVINE/LA VIÑA – MAGDALENO O.: The new Book "Our Great Responsibility" is now available in English Spanish and French. If you like to participate with the GV/LV carrying the message project please some and see me. If some one is interested in making a GV/LV workshop please let us know.

District Reports

Simple majority, 0 against, 0 abstentions.

Bid Revision Approved

Presentation of New Business:

That CNCA provide two hours of professional Spanish/English interpretation, if requested, during the monthly Area Officer meeting at the rate of \$75 per hour. – *presented by Eric L., Chair; motion seconded*

Every month after the ACM Area Officers meet for a closed meeting from between 90 minutes and three hours. At this meeting, we discuss specific needs for each service commitment, Assemblies and review the needs of our sub-committees, standing committees and sharing sessions, and discuss our visits to all of the Districts. The meeting has always been run in English. The understanding is that interpretation has not been needed. But the availability of interpretation – if needed – is not currently available. Whether the interpretation were used or not would be a deci-

sion made each panel. If used, this would cost \$150 each month, for a total of \$1800 a year. The rate of \$75 an hour was obtained by contacting the professional interpreters we currently use; one of them offered us this rate which was the lowest we were able to find, and this rate would be in lieu of mileage reimbursement or hotel stays. And I specified professional interpretation so as to maintain the closed nature of the Area Officer meeting.

Q: 75 dls will include reimbursement. ? A: No

is 75 dls total it's the lowest we find Q: the

intent is to use the will need FM equipment ?

A: We wont need any equipment. Q: We will

decided the need of this in every panel? A:

No, we can decide every time as need. Q:

Timing its really only two hours ? A: Most of

the time a takes two hours to cover all the agenda, officers meeting can be done in two hours.

Motion moved to New Business at the Area Committee meeting in June

New Business:

“That CNCA fund two liaisons to participate in the 4th Annual Hispanic Women's Workshop to be held December 7, 2019 in Mid-Southern California Area 09, at a cost not to exceed \$1300”. – *presented by Jennifer B.,*

Alternate Delegate; motion seconded

Personal opinions: Yes we need a liaison and carry the message back and forward / I had the opportunity and area help with the money and we didn't used all its just for the budget and future references / now the committee its inviting us to be part of in different areas a could be helpful to have a liaison ohh I see a pork, wonderful *haha* its this involved

AREA COMMITTEE MEETING MINUTES FOR MAY 2019 (Cont.)

with PI/CPC ? we need more information on the duties / its our money not my money its great we discussing this / CNCA helped participated last year helping to be connected its correct / the pig kept distracting people on the microphone again *haha* / the hotel could be 150 dls, the lowest its 120 dls I did research in my own we have to make sure that's enough / it's a great opportunity to have women participating / Q: its too late to fix this? Maybe the members wont have any extra money a could be more than that / Q: why financing two liaisons and no one? A: Each Area participating at this event has two liaisons.

Motion moved to Old Business at the Area Committee meeting in June

“That the CNCA Archives committee create a Digital Systems Administrator role to plan, build, and manage the CNCA Archival systems”. – *presented by the Archives committee*

Personal opinions: I like Archives / Somebody mention lack of platform to archive this material / we have lots of information at our depository will be good to have this organized and have available to members im actually member of archives committee but I don't have the capability / motion is made cause we don't know other way to have this done could be done / I know slack its very effective we use it at our district it's a good way to make information accessible / do we have more information in how a could look like ot more background? / Archives committee member: I like archives it's a great idea / we have oral archives information we have the need to conserve this and the info don't get lost / we have great information and we

constantly getting more material and we trying to digitize this information as a arrives but it's a lot.

Motion moved to New Business at the Area Committee meeting in June

Presentation:

Newsletter Ad Hoc Final Report:

We looked at the content of the Comments/ Comentaros and were satisfied with information they contained, we generally felt that they provided all the information that CNCA needs. It does not contain extraneous or non-relevant information. The only change that we would recommend is to move the index from the bottom of the second page to the bottom of the second page. The production and distribution is a complicated process involving many individuals and committees. The committee felts that the responsibility of the translation lies with the interpretation committee.

Note: *Full Report emailed to DCMCs.*

Discussion: Great information to the point, that was the intention keep the good work / we are happy to move Contents info. to page one from page two next month / ill like to move some pages to make the type less confusing and easier to read / 8 ½ by 11 is more universal use / Q: the process behind the content. Its possible to archival material, if we read the Comments we can understand it? Also feel that we can understand the minutes more if we attend the Area Meeting / A: since it's the ad hoc committee we can't tell the recording secretary how to do the job / CNCA Comments are part of this discussion at all? A: No three panel back we talked about this and we discussed to be discontinue and we choose to keep

AREA COMMITTEE MEETING MINUTES FOR MAY 2019

them / we discussed long but it is possible it's up to the area / we should have discussion on having better distribution of our news letter.

Discussion Topic:

Area Assemblies: Open or Closed?

Discussion: Talking to humans and closed to animals? A: AA members vs not aa members attending the Assemblies / The ACM meeting considered open or closed? A: we don't know / we should keeping it open at least if we need babysitting we mentioned this at our group level / open like the idea of be open to no members and keeps the interest on not AA entities / a should be open / keeping AA meetings open allow members to hear learn and maybe discover eventually that they are also alcoholics too / when I started doing AA know I wasn't an alcoholic maybe I wont be here today if the meeting that attended was a closed meeting / my daughter was at the kitchen helping at the assembly and she loved it, I want her to see and know this work and have the message for the future generations / when I come to the assembly can make a weekend of it, my partner helps and bring desserts and she's Alanon and enjoy this / we have agenda topics and sensitive information closed could be safe / we strongly support not AA entities we need to accept no AA members, people help and thank us for welcome them all always/ I don't think this is an public meeting this could be only to members / its good to hear its different opinions and how works to other meetings / we use last names we need to keep the anonymity / we have 4 assemblies at year we can just remind not record or take pictures.

What's On Your Mind?

Dist. 90 post conference dinner at \$25 per person / radios please return them we still missing one from last assembly / fourth annual unity and service conference Concord July 19 / Sandy District 04, where is can find more information about side events to inform my home groups / pre-conference was great , do we think the bog book it's has historical value ?its time to the fellowship to create a modern version or we accept the things we can not change? Its time to change? / District 13 Soberfest June 21-23 / District 18 Anniversary event will have simultaneous translation June 09, 84 years of AA.

CNCA Panel 69 Recording Secretary

10am - Sharing Session Opened with the Serenity Prayer by Coree H., Chair. DCMs, visitors, and GSRs attended. Our meeting is open to everyone to learn and participation on the topics. Please bring radios. Translation by Juan. Thank you for your service!

Announcements: Marianne announced availability of radios, please return them at the end. Recording secretary announced signing in and checking accuracy of email on sign-in sheet.

Presentation: Communicating conference reports to GSRs and groups by Francine from District 40, Subdistrict 006: Francine shared on background information and history about how the *General Service Conference* evolved from *The Alcoholic Foundation*, gathered from *The A.A. Service Manual* and *Our Great Responsibility*. The Foundation existed to monitor the legal, business, and financial end of A.A., and the link to A.A. membership was through our founders, Bill W. and Dr. Bob. To “close the gap,” Bill suggested the creation of the General Service Conference and it became the a *guiding conscience of our whole world efforts*. As DCMs, it is vitally important to transmit the spirit of the conference through helping GSRs make interesting reports to their meeting groups, to carry the “spiritual experience” of what is represented in those reports, and to encourage other A.A. members to attend service events. Francine invited a discussion on how to support and inspire GSRs to convey the message of hope to their meeting groups. She posed the questions: What worked well in the past? What might provide greater reporting success in the future?

Members Share: Chair asked volunteers to share, each person has 90 seconds to share on the presentation. Highlights: Encouraging GSRs/group members to attend the Post Con-

ference Assembly and Unity Days to hear the experience and the content of the Delegate’s report; Value of understanding and sharing our history in order to understand and convey importance of the Conference in ensuring A.A.’s future; Conveying enthusiasm as an important part of unity and participation, and how General Service has enhanced your sobriety; Focusing on spiritual aspects of attending and participating in the Conference through our Delegate; Fact sheets are helpful; Know your group and what’s important to them; Tie in what the group conscience was and how it went in New York; and Share how group participation allows connection to A.A. as a whole.

Discussion of possible topics for next month: Voted between last month’s proposed topics: Group inventories and How to dispel the myth that General Service is political. Group voted in favor of group inventories but ultimately pushed it back to later in the panel (August?). Next Month’s Topic: “How to dispel the myth that General Service is political” presented by Barbara Z., District 4

What’s on Your Mind? Audio reports of Delegate reports are available, can upload to Google Drive and share with GSRs. Post Conference Assembly is June 15 in Vacaville. District 90 is having a Pre-Assembly dinner in Fairfield. Delegate’s BBQ July 1st at Faith Lutheran Church in Santa Rosa at 6:00. Use the *Comments/Comentarios* as a resource.

Meeting adjourned at 10:50 AM with the Responsibility Statement

Respectfully submitted,
Sarah B., DCM Sharing Session Recording Secretary

ASSEMBLY MOTION PROS & CONS: TECHNOLOGY COMMITTEE

MOTION: That CNCA establish a standing committee on technology.

ARGUMENT IN FAVOR OF THE MOTION:

Our primary purpose as alcoholics in AA is to help the alcoholic who is still suffering; General Service, and our work in the Area, aims to make service work that helps facilitate 12th Step work possible. The intent of this motion is to better serve those who participate in General Service work and allow them to be most effective.

The rate at which technology is growing and expanding surpasses the rate at which AA can keep up and, as it stands, is too much work for the Web committee to take on. Up until now, the Web committee (formed initially to work only on the Area website) has taken on many technology responsibilities, despite not having a mandate to do so.

Having a standing committee on technology would allow elected members to bridge this gap and keep our Area and our officers trained and up to date on how technology is being used. Every two years, officers pass off their information to the next elected member and there are a plethora of data sharing platforms one could use and information that is not stored is lost. A Technology committee could be responsible for

choosing which platforms best suit our needs so there is a smoother transition for each pass-it-on and we can make sure information is not lost.

The method of communication between committee officers can be inconsistent and undocumented, from texting to emailing to phone calls. Technology exists that could help save these communications and archive them. If this motion passes, a standing committee could be responsible for the following needed responsibilities (and could possibly need more resources): provide workshops on technology; focus on a uniform platform for officers to communicate committee business; choose a cloud-based file storage system for use by the Area; build and maintain databases (for the Registrar and Treasurer); and assist the Districts with information and file sharing.

Although the intent of this motion is to serve the Area Officers directly, the sharing of knowledge effectively through technology has the potential to help out local recovery meetings. What we learn and share here at Area becomes our knowledge to share with our fellow alcoholic groups.

It seems incredibly important that General Service, and AA as a whole, does not fall behind on the steep learning

ASSEMBLY MOTION PROS & CONS: TECHNOLOGY COMMITTEE (Cont.)

curve that is modern technology. We must strive to fill the gap in knowledge of technology that already exists as well. There are many ways we could be using technology that is already freely available to better serve ourselves and others. Let us not lose any more time discussing amongst ourselves the best way to communicate and save our data, and instead, let us assign a committee to specifically do the research and work for us.

- Nick S., GSR, District 08

ARGUMENT AGAINST THE MOTION:

While the idea of creating a technology committee seems like a good one at first, this motion – as it stands now – is unclear as far as scope and tasks. After reviewing the background available on this motion (including in the technology ad hoc final report from last year), there appears to be no real need for a Technology committee, as this would be a duplication of the Web committee, which already performs many of these tasks. There would be other ways to help guide the area through technology policy and oversight.

Standing committees help the Area do its business – but creating a committee just because it “might” be helpful seems unnecessary, particularly considering the ill-defined scope and lack of clear purpose to the current proposal. Bill

always wrote that good is the enemy of the best; this motion seems good, but is it the best we can do?

Because the motion is unclear, it is not possible to decide if this would be a good use of the groups’ contributions to the Area. Groups contribute to the Area because they want us to help facilitate the Twelfth Step message. It is unclear what purpose this committee would serve. Because the Web Committee is already performing the work that this committee would be doing, I do not believe that this is a good use of area funds. Creating a new committee for something that is not needed and which is being effectively done by our current Web committee is not the most useful way to use group contributions.

Is there an expressed need for this committee? What would this committee do? What kind of costs would be associated with this service? Until these questions can be answered I would strongly argue against this motion.

District 15

ASSEMBLY MOTION PROS & CONS: ACCESSIBILITIES SUBCOMMITTEE

MOTION: That CNCA continue the work of the Accessibilities Sharing Session by creating an Accessibilities Subcommittee. The main purpose is to continue the sharing session and support accessibilities work at the district level. – *presented by the Accessibilities Sharing Session*

ARGUMENT IN FAVOR OF THE MOTION:

Each of us is aware of what access to AA's message has meant to us. So we need to ask: Is AA's message accessible to everyone who needs it, and are we really available to everyone who reaches out for help?

When physical, mental, geographic, cultural, ethnic, spiritual and emotional challenges are present, the committee created by this motion could assist by sharing our collective experience, strength and hope. Our members face specific difficulties in many realms, such as visual and auditory, housebound or chronic illness, living with the effects of brain damage or stroke, as well as other less visible challenges. Childcare issues, physical limitations, language translations and gender biases are subjects presently recognized across many of our Districts. These issues cause our members and potential members to experience less unity and additional isolation because there is little or no official support.

The most efficient means of being responsible to those we serve, who experience challenges for inclusion in Area 06, is through the creation of this Accessibilities committee to more effectively share information and resources at every level of service. Our Delegate serves on the Treatment & Accessibilities Committee for our General Service Conference. What better opportunity than now to recognize the need and service of this aspect of our support structure?

We need an effective method of communication and service between the operations of our Area, financially and with the support of committed Area Officers, with the continuity and structure that a full committee provides, to ensure that everyone can share a solid connection for the hand of AA always to be there.

Barriers exist. As the Accessibilities Guidelines printed by AA and available on aa.org states, "while there are no special alcoholics, there are those who face additional personal barriers to accessing the AA message."

Our Traditions guide us to greater unity, inclusion of all members, personal and group availability to carry the message, as well as the creation of committees to better serve. Our best option when anyone who has access challenges reaches out for help is through the creation and work of this committee: brainstorming solutions; sharing experiences, quanda-

ries, successes and failures; consistency of communication; and offering the structure and regularity of participation and education.

- Jo M., Recording Secretary,
District 13

ARGUMENT AGAINST THE MOTION:

At first glance, this motion sounds great. Who wouldn't want to make AA more accessible? But this motion isn't about the merits of accessibility. It's a motion on if our area needs a sub-committee for accessibility issues, and that's not as clear cut.

Districts are better suited to address accessibility issues in their districts better than an area sub-committee. Especially in Area 06, which has such wide ranging diversity between districts. Fortuna has completely different accessibility issues than San Jose for example.

District 40 in metropolitan Santa Clara County has a linguistic overlay sub-district, which probably wouldn't be as effective in District 15, a more rural and spread-out district encompassing Humboldt and Del Norte Counties. Tradition 4 states "Each group should be autonomous except in matters affecting other groups or AA as a whole." With that in mind, it is up to groups to decide if they want to provide things like childcare, ASL interpretation, or a sound system, just to name a few of the things that could make a meeting more accessible. By creating a

subcommittee, the Area is standardizing what access should mean to Districts, reversing the upside down triangle structure of AA.

Currently at the Area Committee Meeting all sharing sessions meet from 10-11 am and all standing and sub-committees meet from 11-12. There are 4 sharing sessions and 6 committee meetings as of now. Adding another committee meeting could create a logistical issue since there are only a limited number of rooms for meetings.

Possibly the strongest argument against this motion is quite simply that nobody has given adequate reason to make our accessibilities sharing session into a sub-committee. Based on the presentation of this motion at the Pre-Conference Assembly, continuing the accessibilities sharing session is better suited to accomplish their stated goal of inviting districts to share and look for solutions together. There have been no reasons presented why there is need for the structure or budget of a sub-committee.

As recently as August 2018, the attendees of the sharing session felt that there wasn't a need for a sub-committee, and I have to agree, at least until there is adequate reason given that a sub-committee addresses our accessibility needs better than a sharing session.
