

DCM Sharing Session - February 24, 1018

Presentation - How do we discuss money? – Jon H., District 10

We had a great presentation from Jon.

Self-support; the seventh tradition is a privilege and a responsibility of the individual and the groups, so we ensure our organization stays free from outside influences. Currently, about 41.5% of the groups contribute to GSO.

AA is free but our services are not, and are absolutely essential to our continued expansion and survival of our fellowship. How do we discuss money? We share our experience, we read our literature and talk openly in meetings, districts, intergroups and area and with our service sponsors.

A member said: It is important to keep the groups informed and with correct info. Another member said when addressing money, try to keep their own thoughts and ego out of it.

In wrapping it up, the more we talk about money, the easier it will be.
