

DCM SHARING SESSION JULY 23, 2022

The DCM Sharing Session kicked off with our Area Registrar, Claudia N. sharing the AREA REGISTRAR role. We heard her enthusiasm as she shared what the role entails, including:

- Maintaining group records
- Collaborating on the Newsletter
- Processing returned mail
- Attending Assemblies: QR code, registration table, and check-ins

Question 1: How many hours does the role entail.

Answer: Excluding attending meetings and Assemblies, the role encompasses approximately 10-15 hours per month

Question 2. What does it take to learn the position?

Answer: You do not have to be technical but do need to have a laptop. The database used is AirTable but is not difficult to learn.

We then heard a presentation from Patty C. from district 01 on "Communications: Reporting back to your Group, Area or Assembly." It was a very engaging session with participants

sharing what has been effective and working for them. Some suggestions shared were:

- o Not read the reports as they are. But understand them first and then simplify them for your audience. We were encouraged to reach out for help even from our delegates.
- o Try injecting some humor and fun when disseminating information/reports,
- o Carry the message with enthusiasm. Enthusiasm is infectious!
- o Be mindful of acronyms as not everyone may understand what PI/CPC is, for instance.

Next month, we look forward to trusted servant Megan M. from District 15, who will present "What General Service does to help us carry the message."

Submitted by Priscilla J. of District 04
